

## **Northampton School for Boys Register of Business Interests 2014-15**

### **Annual Statement:**

The Governors of the school keep a register of pecuniary interests which is updated annually and is re-declared at all meetings. In the 2013-14 financial year there were no transactions on behalf of the school with any third party that any Governor or significant spending head had a pecuniary interest with.

R Bernard  
Accounting Officer.

Schools are required to maintain a register of business interests of members of the governing body, senior staff and significant spending heads.

Governors and/or employees are required to divulge areas where they have or could have any direct or indirect pecuniary or personal interest in any contract, proposed contract or other matter affecting the school.

A governor or employee shall be treated as having indirectly a pecuniary interest in a contract (such as a contract to purchase) or other matter if, he/she is in the employment of a person, or a company or other body, which has or could have, any direct interest in any matter of the school.

In the case of married persons the interest of one spouse shall be deemed to be also the interest of the other.

If a governor and/or employee has any pecuniary interest in any matter under consideration at a school meeting he/she should disclose that fact and not take part in the discussion, or vote on any issue. Where appropriate, he/she should withdraw from the meeting.

There are many social connections, such as friends and relations, membership of clubs, societies or trade unions that can sometimes influence governors' or staff judgements. These should be declared at the appropriate time.

This form must be completed by all governors, senior staff and significant budget holders and returned to the Finance Office
