Your child will also find a copy of the Knowledge Organisers on the VLE with the core vocabulary and grammar points we are learning each week. At the end of each unit, there are also additional activities to engage with to help reinforce and consolidate the learning from the previous week. Whilst these activities are not compulsory, they will undoubtedly have a positive impact on learning and will help to commit new knowledge to long-term memory.

Students are also encouraged to use Duolingo (free version only) to practise every day as this will also have a great impact on their fluency and confidence in speaking the language.

I hope you find this information useful. Please do not hesitate to contact your child's teacher or myself should you have any queries or if you would like further resources to offer support at home.

Kind regards,

Miss Prats
